W. C. T. U. NOTES.

Hoodoo.

Edward T. Lincoln, late of the United States Navy and Past Captain of the Naval Veteran Association of Illinois, has kindly furnished us the official record of a number of United States steamships in the matter of christening.
The Constitution, "Old Ironsides," the pet ship of the navy in the 1812 war and thereafter, celebrated in song and story and known and loved by every schoolboy, was christened with water taken from a spring on Copps Hill, where the battle of Bunker Hill was fought, and a bottle of salt water, broken over her figurehead as she left the ways.
The United States ship Hartford, built in the Charleston navy yard and launched November 22, 1858, was christened by a fair sponsor who broke across its figurehead a bottle of Connecticut river water, and by another young lady who broke a bottle of Hartford spring water, and by the late Admiral Preble, then a lieutenant, who concluded the ceremony with a bottle of ocean brine. No ship except the Constitution has anything like the record of the Hartford. She left the Charleston navy yard in 1859, consigned to the East India squadron, commanded by Commodore C. K. Stribling, and returned to the United States December 10, 1861. She was commissioned January 9, 1862, at Philadelphia, Pa., as the flagship of Commodore David Glasgow Farragut, of the west gulf squadron. She was in the battles, as is well known, below New Orleans, April 24, 1862, and in all of the engagements above New Orleans, and was hit over 240 times by shell from the Confederate works. She also did noble work at Mobile and Galveston bays. It was to her mast that Admiral Farragut was lashed during most of the fight at Mobile Bay that he might clearly observe and direct the movements of his fleet. In March, 1868, she was put in first-class order for future service. The Hartford has a record second to no vessel in the world as a lucky ship. She never had an accident, or any illness, and every old sailor is proud of her, and gives unstinted praise for her services—and yet she was christened with nothing stronger than water.
In contrast with these two "water" ships, lucky, renowned in history, and

well beloved, read the record of the following ill-starred "wine" ships. The President—a large gun exploded and killed several visitors, government officials, on the Potomac river. The Mississippi—lost on the river of the same name in the Civil War. The Huron—lost off Cape Hatteras, over one hundred lives lost. The Orlando—run into by an English vessel in Bombay harbor, over one hundred officers and men lost. The New Ironsides—destroyed by a torpedo in Charleston harbor with large loss of life. The Tecumseh—lost in Mobile Bay, with every one on board. The Nipsic, the Vandalia and Trenton—all lost in a hurricane near the Samoan Islands, Pacific Ocean. The Texas—ran aground, was sunk, had many mishaps, and is known as the hoodoo of the navy. The Maine—"the pride of the navy," blown up in the harbor of Havana, Cuba, and nearly three hundred men lost.—Union Signal.

Who shall dare to say that christening with water brings death to a ship. The beautiful custom of the dove let loose from its confinement in the Japanese navy is one which the United States of America might well pattern after.

We are watching with much prayer the Kentucky, christened by Miss Bradley with water from the spring where Abraham Lincoln was born.

The Kansas also claims our interest, having been christened with water by Miss Noch, the daughter of Governor Noch, of Kansas, who has been such a power in closing the saloons and houses of prostitution near the forts in that State.

Woodville Annual Picnic.

The annual picnic was held here May 6th, together with a political rally. As usual there was a bountiful plenty of picnic dinner and good cheer was evident on every side.

By 10 o'clock wagons, buggies, carriages and autos from all the adjacent counties were coming in. At eleven o'clock the speaking was called to order by Chairman Register, and the following speakers gladly responded: Messrs. Henderson, Eppes, Winthrop, Wells, Stoutamire, Trammell, Gregory, Houston, Wilkerson and others. They all spoke freely of their hearts deep longing. The Hon. E. B. Eppes, the good natured and jolly old political prophet, sang sweetly and soothingly of the counting of chicks before they are hatched.

Then the announcement for dinner was made. All gladly responded and partaken of the loaves and fish and groaned mightily under the large nice and juicy hams.

Promptly at 3:30 o'clock the fans were seen at their post that resulted in a most interesting and fascinating ball game of the season—Wakulla and Woodville teams, the scores being in favor of Wakulla.

As the sun was setting the happy throng departed to their respective places of abode with bright smiles and good byes that bespeaks for themselves of another happy day gone by.

Woodville, Fla.

A HAPPY FATHER

is soon turned to a sad one if he has to walk the floor every night with a crying baby. McGee's Baby Elixir will make the child well,—soothe its nerves, induce healthy, normal slumber. In Chancery.

In the Circuit Court of the Second Judicial circuit of Florida, in and for the county of Leon—in Chancery.
Louis C. Yeager, complainant, vs. Ella Lemon and J. F. Lemon, her husband, in right of his wife, defendants.

FORECLOSURE OF MORTGAGE.

It having been made to appear by the affidavit of the complainant that the said defendants reside in the city of Atlanta, county of Fulton, and state of Georgia; and there is no person in the state of Florida, the service of a subpoena upon whom would bind either of said defendants; and that each of said defendants is over the age of twenty-one years.

It is, therefore, ordered that the said defendants be and they are hereby required to appear to the bill of complaint herein on Monday, the 6th day of June, A. D. 1910; and that this order be published once a week for four successive weeks in The Weekly True Democrat, a newspaper published in the city of Tallahassee, in said county of Leon.

Witness Henry T. Felkel clerk of said court, and the seal thereof, this 27th day of April, A. D. 1910.
Henry T. Felkel, clerk of said court.

When You Buy Fertilizer From Us You Get One Mixed for Your Land

FREE TRUCK With 1-Ton Order for Fertilizer.

No one Fertilizer can give uniform benefit to all classes of land. Because all land is not alike by any means. When a man goes to buy a farm he wants to see what kind of soil is there. You should not think of buying fertilizer without knowing that it is adapted to your soil, and the crop to be grown. The proper Fertilizer is as necessary as the land itself if the grower really wants the most profitable results—and we believe you, as a grower, do want to get from your labor all the crop that can be produced. You should have it.

You are entitled to a substantial profit from your labor. You should have it. We want to help you, and feel sure we can.

First, we need from you a chance. Write us to-day for a free copy of our 1910 Florida Almanac, and give us the number of acres and kind of crops you cultivate. Has the information that ought to be in all reliable almanacs, and Fertilizer facts that are worth studying—and studying before your grove is fertilized or next crop is planted.
